**Subject:** Oppose Senator Shirkey Substitute Bill on HB 4812

Dear Senators:

If you were on a medication and it was switched to a similar, but not identical, medication by the Pharmacist, would you want your doctor to know? Would you want to know?

If the answer is yes then:

Please oppose Senator Shirkey's substitute bill;

Please oppose the bill if the Shirkey substitute is adopted;

Please support the bill as it passed the Michigan House.

Residents of Michigan deserve to have complete transparency and want their physicians to know exactly what medication was dispensed.

Please reject Senator Shirkey's substitute bill and ensure Physicians have full access to biologics dispensing information.

thank you,
